Today saw the last of the 2010 series of competitions with our friends from Watermead. Despite the poor forecast we had 10 skippers turn out for the racing. Although the wind direction was from the south west (not the best for Two Islands) we had good racing throughout the morning. A number of skippers elected to start with No 2 rigs but changed after four or five races up to No 1 rig. John Howell from Watermead sailed very well indeed with either rig to win five of the ten races. John took first place. Paddy with very consistent results (not often out of the top three) came second pipping Keith by one point.

Please find the overall results above. Thanks to our visitors from Watermead for making the trip and also thanks to Vic Tatman who did a great job as OOD

Let's look forward to another great series in 2011

Keith
